Decision of WRC:

The original file of the institution along with other related documents, NCTE Act, 1993, Regulations, VT report, Guidelines issued by NCTE from time to time were carefully considered by the WRC, NCTE and the Committee observed as under:

- i. A major administrative anomaly was detected during the verification of official records. The maximum institutional documents, explicitly bear the name of Gyanveer University, whereas the registered and inspected entity is Gyanodaya College of Education. This clear mismatch raises serious questions regarding organizational transparency and administrative compliance.
- ii. According to the report provided by the librarian, the library currently possesses only 700 book titles. As per NCTE norms, the institution must maintain a minimum of 1,000 titles to support these courses. Therefore, the library is fails to meet the regulatory requirement.
- iii. The institution currently runs three distinct teacher education programs: B.Ed., M.Ed., and D.El.Ed. However, the campus possesses a total of only 10 classrooms across all programs. This is highly inadequate to simultaneously and effectively accommodate the curricular requirements, methods subjects, and distinct batches of these three courses.
- iv. The internet connectivity across the campus was found to be exceptionally poor. In an era dominated by ICT-enabled learning, digital repositories, and online administrative mandates, the current bandwidth is entirely insufficient to support the student body or the faculty. It was observed that there is no permanent name board of the college displayed at the main entrance gate.
- v. When opening the website <https://gyanodayacollege.com>, it displays the name Gyanodaya Mahavidyalaya. However, the official institution name is GYANODAYA COLLEGE OF EDUCATION. There is a clear mismatch between the website display name and the official institution name.
- vi. Upon visiting the Science Laboratories, it was highly apparent from the lack of recent setups, maintenance, and usage logs that practical classes are not being conducted regularly. The laboratories appeared neglected and are not serving their intended pedagogical purpose.
- vii. It is observed that the Institute Name is Gynaveer University in their official documents but registered title to NCTE is Gyanodaya College of Education is totally mismatch in the documents and records.
- viii. Institute website shows Gyanodaya Mahavidyalaya but no where in the website is shows their name as Gyanodaya College of Education. It was found that mismatch of college name in the website.
- ix. It was also observed that, lack of Library books, it not fulfilled the minimum requirement of 1000 books as per NCTE norms Lack in classrooms, it found that only 10 classrooms for all existing courses D.Eld, B.Ed, and M.Ed courses.
- x. The Laboratories such as Science and ICT poor maintenance and poor in Internet facilities.
- xi. It was observed that the Institute name is Gyanaveer University in their official documents which does not match with the registered title to NCTE which is Gyanaveer College of Education. Laboratories were not upto the mark of NCTE. Library books were also not as per NCTE norms. Hence not recommended for new course

Therefore, the Committee decided that Show Cause Notice be issued to the institution thereby providing an opportunity for making representation / submission on the above observations of WRC, within 15 days along with all relevant supporting documents from the date of issue of Show Cause Notice.

As per Section 15 of the NCTE Act, 1993, read with the NCTE (Recognition Norms and Procedure) Regulations, 2014, and the National Council for Teacher Education Rules, 1997, an institution seeking an increase of intake in an existing recognised course is mandatorily required to submit a fresh application in online mode in the prescribed format, along with the prescribed processing fee.*
- iv. No such application has been submitted by the institution through the prescribed online mode as required under the extant Regulations. In view of the above, the representation of the institution seeking restoration of the second unit in the B.Ed. course cannot be acceded to, as allowing the same in the absence of a formal application would be contrary to and in contravention of the relevant provisions of the NCTE Act, 1993, Rules and Regulations made thereunder, and would lead to an anomalous situation inconsistent with the statutory framework governing recognition and increase of intake.*

Accordingly, keeping in view the above, the WRC decided that the representation dated 24.11.2023 submitted by the institution is found to be devoid of merit and is disposed of. The institution is at liberty to apply afresh for increase of intake in the existing B.Ed. course in accordance with the prescribed procedure, as and when applications are invited by the NCTE.

The Committee further noticed that the Hon'ble Court vide order dated 03.08.2026 in W.P. (C) 10123/2026 and CM APPL. 47028/2026 has directed as under

However, as the petitioner institute is presently not running 2nd unit of B.Ed. course (50 seats) and additional facilities for running said course with 100 seats (two basic units) are required to be verified, therefore, in addition to the existing & recognized 50 seats (one basic unit) of B.Ed. course, petitioner institute may admit students in 2nd unit of B.Ed. course (50 seats) subject to verification of the institute in terms of following directions:

- (i) *NCTE is directed to carry out fresh inspection in terms of Section 13 of the NCTE Act in respect of 2nd unit of B.Ed. course (50 seats) and inform the petitioner institute about recommendations/views, if any, on the basis of such inspection alongwith inspection report. The inspection shall be carried out preferably within a period of 8 weeks from today;*
- (ii) *In the event, any deficiencies are pointed out in the recommendations, NCTE will grant reasonable time to the petitioner institute to rectify the same and if the petitioner institute is unable to rectify/comply with recommendations, then NCTE will forward the matter in respect of 2nd unit of B.Ed. course (50 seats) to regional committee for taking fresh action in accordance with law; and*
- (iii) *If no deficiencies are recommended, or in case deficiencies recommended by NCTE are rectified by petitioner institution during the time period granted to it, WRC will restore the recognition of petitioner institution for 100 seats (two basic units) of B.Ed. course and accordingly, after restoration of recognition, petitioner shall be entitled to participate in the counselling and admit students in B.Ed. course.*
- (iv) *Accordingly, the respondents shall communicate about the restoration order to the affiliating university of the petitioner institution as well as to the State Government of Gujarat and Counselling Authorities regarding recognized status of B.Ed. course of petitioner institute. Further, respondents will also do the needful with regard to updation of the status of petitioner institution in respect 100 seats (two basic units) of B.Ed. course on their official website.*

21. With these directions, the petition along with pending application(s) stands disposed of.

In view of the above, the Committee, after thorough examination and deliberation, decided that to challenge the order dated 03.08.2026 in W.P. (C) 10123/2026 and CM APPL. 47028/2026 titled Kinkar College of Education & Anr. vs. National Council for Teacher Education & Anr. in the Hon'ble High Court of Delhi.

The decision of WRC shall accordingly be forwarded to the concerned Division/ Department of NCTE for further necessary action.
