Decision of WRC:

In terms of Section 14 (1)/15 (1) of the NCTE Act, 1993, the online application of institution for transition from B.A.B.Ed./ B.Sc. B.Ed. Programme to 4-Year Integrated Teacher Education Programme (ITEP) for the session 2026-27 along with NCTE Act, 1993, Regulations, Reply submitted by the institution, Guidelines issued by NCTE from time to time and documents uploaded by the institution were carefully considered by the WRC, NCTE and the Committee observed as under:

The institution has replied that "(1) The Building Completion Certificate (BCC) submitted earlier mentions the built-up area of the Academic Building specifically allocated for the Teacher Education Programme. (2) In the University Application / Building Plan, the total built-up area mentioned is the aggregate built-up area of all buildings and infrastructure on the campus. (3) Therefore, the BCC and the Application refer to different scopes of area: • BCC = Built-up area of the Academic Building used for Teacher Education Programme • Application = Total Built-up Area of the Entire University Campus (All buildings combined at current stage) (4) The Khasra numbers 173 remain the same and pertain to the single, contiguous land parcel on which the University is located. The University is running the Engineering college, Institute of Computer Science & IT, Institute of Commerce and Management, Institute of Science, Institute of Languages, Institute of Law, Institute of Allied Health Sciences, Institute of Pharmacy, Fine, Art Physical Education, Institute of Arts, Home Science, Homoeopathy College, hence University is required to upload the all Courses approved intake capacity and admitted intake capacity of each course. Then, the sufficiency of land and built-up area for the above courses with of multidisciplinary courses and intake for B.A. B.Ed. Secondary (1 unit), B.Sc. B.Ed. Secondary (1 unit), course cannot be ascertained.
- xiii. The University is required to upload the Not-for-Profit Certificate issued by Government competent authority.
